Local Tax Levy includes mill levy + personal property replacement funds and general fund appropriation for library services. Does not include special funds for construction.

This publication has been funded, in part, by the U. S. Office of Education though the Library Services and Construction Act, PL-91-600.

- PREFACE -

The North Dakota Century Code Section 54-24-03(7) charges the State Library Commission with the responsibility for compiling statistics of North Dakota public libraries. Section 40-38-09 requires public libraries to file an annual report with the State Library Commission.

The statistics presented in this report were compiled from the "Annual Statistical Report" forms submitted to the State Library Commission by public libraries, with the exception of the local mill levy figures which are from the Abstracts of Tax Lists certified by the County Auditor on file in the State Tax Department. The State Library has not verified any information supplied by public libraries.

The symbol "NR" indicates no report was returned to the State Library Commission or that the report was incomplete. Population figures are from the official 1970 Census of Population or an official special census since 1970.

The federal revenue sharing figures and the Library Services and Construction Act figures do not necessarily correspond to other reports prepared by the State Library Commission because of different reporting periods and incomplete reporting by the public libraries.

The State Library Commission wishes to thank the public libraries in preparing the statistical information for compilation and publication.
